

# LOGIX<sup>®</sup> Cantilever Rack

Standard Dimensions - The Required System Type Depends on Load Capacity Requirement

- All columns can be cut to suit a specific height requirement/restriction
- Any size bay width can be made to suit specific load support requirements
- Any arm length can be made to suit specific load support requirements
- Higher columns are available - made to order
- LOGIX<sup>®</sup> bracing is interchangeable between all systems
- All LOGIX<sup>®</sup> arms are fully interchangeable with all LOGIX<sup>®</sup> systems

Light to Medium Duty System

Column Heights (mm)	Bay Widths (mm)	Arm Lengths (mm)
2415	900	600
3615	1200	900
4815	1500	1200
6015	1800	1500

Medium to Heavy Duty System

Column Heights (mm)	Bay Widths (mm)	Arm Lengths (mm)
2400	900	600
3600	1200	900
4800	1500	1200
6000	1800	1500
7200		

Heavy Duty System

Column Heights (mm)	Bay Widths (mm)	Arm Lengths (mm)
Made to order	900	600
	1200	900
	1500	1200
	1800	1500
